Printed Name (Referring Member) Cell Phone (Referring Member)

Disclosure:

*A new member is someone that is not already a member with an account in their name. New members must maintain their accounts with the credit union for at least twenty-four (24) months. If the referred member's account is closed within the 24 months of opening and you were a gift card winner, you will have to return the \$25. Joint owners or beneficiaries are not considered "members" and are therefore not eligible for the member referral program. The new member will have to complete the necessary new membership documents and must meet the credit union guidelines for membership. The promotion is subject to change without notice. There is no limit on how many times a member may be a winner. If the credit union is unable to make contact (after three (3) attempts) in 2 days with the winner, another winner will be selected until one is contacted. Federally Insured by NCUA. ** A member is in good standing at the time of the drawing, no negative account balances, and no past due loan payments.
